ACHIEVE YOUR GOALS

The Museum is open 7 days a week and can feel fast paced. The ability to plan your duties effectively advances the Museum’s mission and makes the employee a strong asset. As a learning institution we value employees who continue to develop professionally and personally. We value employees who seek out development opportunities and will support requests for continued education as much as possible. Finally, everyone from Board, Staff, and Volunteers should set goals as a measure of measuring success. Achievement is the goal but sometimes that isn’t possible due to outside factors. When you cannot achieve your goals, what did you learn about the process and how can that educational to the entire staff.
